

ENVIRONMENTAL ENRICHMENT FOR DOGS – A FUN LIFE  
SALLY STAWMAN  
7.30 WEDNESDAY AUGUST 8, 2018  
DOG FREE EVENT

These days many dogs have to spend time more time alone than we would like. But, dogs, like humans, need stimulation, fun and interaction, and if we don't provide it appropriately, they will find it for themselves!

In this talk you will learn simple strategies to keep your dogs occupied in fun ways, such as:

- How to use food to keep your dog entertained
- Redirecting natural, instinctive behaviours away from your favourite vegetable patch or roses, into more family acceptable pursuits
- How to bring toys alive for a dog when they are alone

TO REGISTER:

- Please sign your name on the registration form in the clubhouse
- Email Sally at [frinton1@bigpond.com](mailto:frinton1@bigpond.com)
- Register on the Facebook page.
