

EDUCATION EVENT  
HIKING & WALKING WITH YOUR DOG  
NOVEMBER 17, 2018  
4.15 PM  
OUTSIDE THE CLUBHOUSE  
DOGS & HANDLERS WELCOME  
DON'T MISS IT – WE ALL NEED THIS INFORMATION!!

The importance of keeping yourself and your dog safe when out and about cannot be emphasised enough.

Sarah McCoy from Pettech has generously accepted our invitation to give an overview of physical care of your dog when out and about, be it on holiday, bush walking or to the beach, and how to be prepared for mishaps and medical emergencies.

As part of the talk Sarah will show us how to perform a '*Snout to Tail Assessment*' to check for and treat common First Aid situations.

Her talk will cover:

1. How to plan your hike or walk and choosing an appropriate trail for you and your dog (remember not all trails/locations are going to be suitable for all dogs).
2. How to assess the conditions
3. What to take in terms of First Aid for your dog
4. The top First Aid situations that you might face and how to deal with them
5. How to perform a 'Snout to Tail Assessment'.
